The amendment document filed on 08 March 2007 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121 or 1.4. In order for the amendment document to be compliant, correction of the following item(s) is required.

 - ☐ D. The claims of this amendment paper have not been presented in ascending numerical order.

For further explanation of the amendment format required by 37 CFR 1.121, see MPEP § 714.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

DETAILED ACTION

1. The reply filed on March 8, 2007, is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has not clearly pointed out the patentable novelty of newly added claims 22-27. Applicant's statement regarding a related European Patent Office case is considered a mere allegation of patentability, which does not comply with 37 CFR 1.111. See 37 CFR 1.111.

The examiner further notes, for the purpose of clarifying the record, that claim 7 as presently written appears to be a multiple dependent claim rather than an independent claim as applicant contends. See MPEP § 608.01(n) (giving several examples of wording for multiple dependent claims including, for example, "A gadget as in any one of the preceding claims, in which ---"). Likewise, claims 8, 9, and 10 appear to set forth dependent claims. Accordingly, if applicant intends any of these claims to be interpreted as independent claims, the examiner suggests amending the claims to remove references to other claims.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
